The new reason for your customers to choose inkjet.

The TASKalfa Pro 15000c is more of what your customers want from inkjet printing. It's a cost-efficient, right-sized alternative to conventional printing, ideal for shorter-run, highly variable jobs, yet it's also fast and reliable. Using trusted print head and ink technologies developed by Kyocera, the TASKalfa Pro 15000c delivers standout image stability, as well as consistent output from high-pigment ratio and high-permeability Kyocera inks. Welcome to a new breed of super-fast inkjet production printing from Kyocera.

KYOCERA Document Solutions America, Inc.

The exceptional performance of our products has been highly praised by noted industry analysts and certification authorities worldwide. This is reflected in the numerous awards we have received. We're committed to giving you high quality, reliable and all-around robust products to help your business put knowledge to work.

We are the BLI 2024 A3 Line of the Year!

Keypoint Intelligence, the global data and market intelligence leader for the digital imaging industry, has named Kyocera's floor device the BLI A3 Line of the Year. We were named Line of the Year because of our devices':

Our devices have been recognized for their excellent, long-lasting performance, which lets professionals focus on the tasks, regardless of where they work. Our broad portfolio helps professionals find the device that matches and exceeds their needs. Despite this, we aim high and continue to innovate new, intelligent technology, which reduces waste and saves money. That's why our MFPs have been named the BLI 2024 A3 Line of the Year by Keypoint Intelligence!
